

Ellis County Thoroughfare Plan Update

Goals and Objectives

- **Mobility** - Provide a transportation system that will effectively and economically serve the existing and projected travel needs of the county in a safe and efficient manner.
- **Enhance Economic Vitality** – Develop a thoroughfare network that bolsters the county’s development framework in-step with growth and development.
- **Maintain and Preserve Existing Infrastructure** – Prioritize investments in the maintenance, rehabilitation, safety, and reconstruction of existing systems.
- **Fiscal Stewardship** – Provide a detailed roadmap of actions for transportation and infrastructure improvements that leverage Ellis County dollars to increase overall state and federal funding in the county.
- **Special Place to Live** – Develop a plan that reflects Ellis County priorities on protecting quality of life and the natural environment.
